*This product uses only genuine Epson-brand cartridges. Other brands of ink cartridges and ink supplies are not compatible and, even if described as compatible, may not function properly.

† Black and color print speeds are measured in accordance with ISO/IEC 24734. Actual print times will vary based on system configuration, software, and page complexity. For more information, visit www.epson.com/printspeed | †† Black and color copy speeds are determined in accordance with ISO/IEC 29183. Actual copy times will vary based on system configuration and page complexity. For more information, visit www.epson.com/copyspeed | **1** Compared with best-selling, color multifunction laser printers priced at $499 (USD) or less, as of June 2015. Calculation based on continuous printing with highest capacity individual cartridges. Actual savings will vary based on print task and use conditions. | **2** 748XL Black cartridge prints about 5000 ISO pages. 748XL color cartridges print about 4000 ISO pages on average. Actual number of pages will vary. Replacement cartridge yields are based on ISO/IEC 24711 tests in Default Mode printing continuously. Cartridge yields vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and printer maintenance, and all colors have to be installed for printing. For print quality, part of the ink from the included cartridges is used for printer startup and a variable amount of ink remains in the cartridges after the "replace cartridge" signal. For details, see www.epson.com/cartridgeinfo | **3** Wi-Fi CERTIFIED™; level of performance subject to the range of the router being used. Wi-Fi Direct may require printer software. | **4** NFC requires use of a device that includes NFC, and may require additional software. | **5** Most features require an Internet connection to the printer, as well as an Internet- and/or email-enabled device. For a list of Epson Connect enabled printers and compatible devices and apps, visit www.epson.com/connect | **6** Monthly duty cycle up to 50,000 is the highest duty a user could expect in a month, based on near-constant operation of a device of this kind. It is not recommended that the device be run at this duty. For best device performance, run the device at the recommended duty of 4000 pages per month. | **7** Requires an Internet connection, a free Epson Connect account and a destination email address or cloud storage account. For a list of supported cloud services, visit www.epson.com/connect | **8** Only printing and scanning are supported under Windows Server OS. | **9** Some applications and/or functions may not be supported under Mac OS® X. | **10** Internet access is required to install OS X® drivers and software. | **11** Compared to best-selling, color laser multifunction printers priced at $399 (USD) or less as of July 2013. Actual power savings will vary by product model and usage. | **12** For convenient and reasonable recycling options, visit www.epson.com/recycle | **13** SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency.
