**Fast Scanning, Huge Performance,
Space-Saving Design**

Versatile high quality colour duplex scanning
at the same speed as black and white.

The DR-2510C and DR-2010C models deliver fast, high quality duplex scanning in a versatile and space saving design. Ideal for all office scanning operations, these devices provide reliable feeding, advanced image processing functions, customisable Scan-To-Job buttons, and much more for your distributed imaging applications.

Performance to Meet Your Demands

Fast Scanning – even in colour

Thanks to a new and improved CMOS contact image sensor, colour documents can be scanned just as quickly as those in black and white and greyscale. The DR-2510C scanner offers a top speed of up to 25ppm (50ipm*) and Ultrasonic Double-Feed Detection function, and the DR-2010C model achieves up to 20ppm (40ipm*).

Renowned Canon Image Quality

Fine lines and intricate image details are captured with utmost precision and clarity thanks to Canon's advanced scanner technologies. The 3-Dimensional Colour Correction offers pinpoint colour matching to produce images that are true to the original and free of unwanted colour staining.

Advanced Scanner Features

Equipped with Automatic Colour Detection for easy scanning of mixed batches, the DR-2510C and DR-2010C devices also feature efficiency-boosting image processing functions such as Automatic Page Size Detection, Skip Blank Page, Deskew, and Text Orientation Recognition.

Reliability and Versatility to Suit Your Needs

Versatile for Tight Spaces

The small foot print and versatile tray design of the Canon DR-2510C and DR-2010C scanners make them ideal for use on desktops or anywhere there are tight spaces. The three-way design allows scanners to be used with the built-in eject tray closed, opened, or half-opened with stopper to suit your workspace.

Canon

Convert All Document Types

The new slant paper path design of the DR-2510C and DR-2010C scanners guarantees smooth scanning of a wide variety of documents, from thick documents and multi-sheet forms, right through to driver's licenses and even embossed plastic cards. And Canon's innovative feeding mechanism with its retard rollers will ensure reliable page separation for fast, unattended batch scanning.

Bundled Software

The CanonDR-2510C and DR2010C devices are more than just scanners. You'll soon find that your small investment will enhance your office productivity many times over. Bundled with the latest document imaging software packages:

CapturePerfect

CapturePerfect is Canon's own scanning application that makes it easy to get great scans straight out of the box. This imaging software, which is ISIS® compliant, was designed to maximise scanning performance, as well as streamline tasks for viewing, presenting, sending, saving, and printing office documents. CapturePerfect automates the image capture process and produces consistent, high-quality scans from even the most difficult original documents.

Display Functions

- Change the order of images with simple drag-and-drop operation.
- Split image display window to view multiple images at once.

Editing Functions

- Insert, add, or replace scanned images into existing TIFF or PDF files.
- Extract or combine specified pages to generate or consolidate multiple page files.

PDF Functions

- PDF security settings allow encryption of scanned images and control rights for printing or editing.
- Create Searchable PDFs with embedded OCR.
- Create High Compression PDFs to save file space.

User-Friendliness Built Right In

Scan-To-Job Buttons

Canon's DR-2510C and DR2010C scanners are also incredibly easy to use. Simply assign routine scanning tasks to customisable Scan-To-Job buttons for one-touch operations such as Scan-To-Email and Scan-To-Print, including all the relevant scanner settings.

Auto Power On/Off

The new Auto Power feature adds to energy efficiency and prevents the scanner from accidentally being left on. The scanner will automatically turn on or off, depending on the status of the connected PC. You can always manually switch the scanners on and off, too.

Advanced functions

Pre-register up to 100 routine job and scan settings, such as Scan-To-E-Mail, Scan-To-PC, and Scan-To-Print.

- Automatically generate file names from barcode, imprinter, or zone OCR results for indexing.
- Monitor the file size capacity of the target folder.
- Save log files of results from barcode and OCR recognition functions.

Recommended System requirements for CapturePerfect

Microsoft Windows 2000, Microsoft Windows XP or Microsoft Windows Vista.

Adobe Acrobat Standard

The industry's leading application for the creation of PDF files, Adobe Acrobat features robust tools for document sharing and security, file commenting, and much more.

PaperPort

PaperPort, a file management application renowned for its intuitive and user-friendly graphic user interface, makes it easy to store, organise, and retrieve your digital documents.

OmniPage

OmniPage converts original paper documents into editable electronic files through OCR.

BizCard

Presto! BizCard Reader lets you scan business cards to convert and organise important contact information into a searchable database.

Specifications

DR2010C/2510C

**Type:**

Desktop Sheet fed Scanner

Document Feeding:

Automatic or Manual

Document Size:

Width: 50mm-216mm

Length: 53.9mm-356mm

Document Weight:

Automatic Feeding: 0.06-0.15mm (52-128gsm) Bond

Manual Feeding: 0.05 - 0.20mm (40-157gsm) Bond

Feeder Capacity:

50 Sheets

Grayscale:

8-bit

Colour:

24-bit

Scanning Element: Contact Image Sensor (CMOS)

Light Source: RGB LED

Scanning Modes:

Simplex, Duplex, Colour, Grayscale, Black and White, Error Diffusion, Advanced Text Enhancement II

Dropout Colour:

Red, Green, Blue

Optical Resolution:

600 dpi

Output Resolution:

100/150/200/240/300/400/600 dpi

Scanning Speeds* DR-2510C DR-2010C:

Simplex Duplex Simplex Duplex

Black and White: 25 ppm 50 ipm 20 ppm 40 ipm

Grayscale: 25 ppm 50 ipm 20 ppm 40 ipm

Colour: 25 ppm 50 ipm 20 ppm 40 ipm

Interface:

Hi-Speed USB 2.0

Scanner Drivers:

ISIS/TWAIN for Windows® 2000/XP/Windows Vista®

Dimensions (H x W x D):

298x160x160mm

Weight:

2.4kg

Power Consumption:

26W or less (Energy Saving Mode: 10W or less)

Daily Duty Cycle: 1,500 Scans

Options:

- Exchange Roller Kit (sold separately). User installable. Kit is available for worn rollers – no service technician required.
- Extended warranty packs

Other Features:

- Ultrasonic Double Feed Detection (DR-2510C Only)
- Moiré Reduction
- Prevent Bleed-through/Remove Background
- User Registration
- Advanced Text Enhancement (Two Types)
- Skip Blank Page
- Prescan
- Auto Paper Size Detection
- Deskew
- Batch Separation
- Text Orientation Recognition
- Colour Dropout /Enhancement

* Examples based on typical settings, rated in pages/images per minute with letter-sized documents at 200 dpi. Actual processing speeds may vary based on PC performance and application software. Actual scanning speed may vary depending on your system configuration.
