DR-3010C

Workgroup Document Scanner

Designed for your most demanding office scanning

When you need a dependable device for your most demanding workgroup scanning requirements, Canon's scanner never disappoints. The DR-3010C delivers high quality results, is easy to use and handles the biggest workloads with ease.

Fast Scanning – even in colour

30 ppm B&W

30 ppm COLOUR

Canon's DR-3010C is designed to effortlessly handle your ad hoc scanning requirements, as well as mission critical tasks, such as invoice, transactional or application forms scanning. Black and white, greyscale and colour scanning is carried out at a super quick 30 ppm (or 60ipm). Plus, this impressive performance is attainable when scanning at higher resolutions of up to 300 dpi for black and white and greyscale scanning.

Robust performance

Capable of handling an impressive 3,000 scans per day, the DR-3010C is the most productive scanner in its class. And with a document feeding capacity of 50 sheets at a time, even peak workloads can be comfortably accommodated, alongside regular day-to-day scanning tasks.

One touch simplicity

Introducing the DR-3010C into your daily routines couldn't be simpler. Daily tasks, such as scan-to email, printer or searchable PDF, can be performed with one-touch simplicity, thanks to the device's nine programmable job buttons.

Compact design

Robust performance is effortlessly combined with a compact, modern design, ensuring the DR-3010C can be placed discreetly on a desk or neatly on a small cabinet.

Highly reliable scanning

Canon's Retard Roller Technology uses a reversing separator roller which - when coupled with the DR-3010C's slanted paper path - provides outstanding feeding and paper separation reliability across a diverse range of media types. The feeder handles anything from fragile documents to thick and embossed media, including business cards and ID cards such as driving licenses. It's even possible to scan A3 documents in Folio mode, unique for a scanner of this type.

For added assurance, an Ultrasonic Double Feed Detection system ensures that any potential feeding problems are automatically identified and quickly rectified.

Efficient, quality scanning

Numerous features such as auto colour detection, auto text orientation, and skip blank page are included, so there's no need to waste time pre-sorting your documents before scanning. Simply load and then let the DR-3010C do the work for you allowing you to be more productive. An optical scanning resolution of 600 dpi ensures quality results every time. And with a host of the latest image processing features at your disposal: Advanced Text Enhancement, Colour Dropout, Moiré Reduction and Prevent Bleed Through, even documents that are hard to decipher become easier to read.
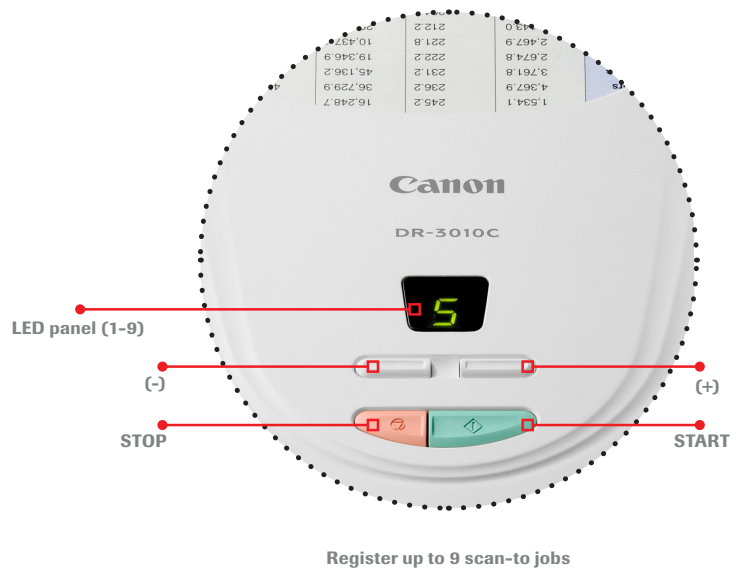

Auto Power On/Off

The DR-3010C is the most energy efficient scanner in its class and can even be automatically switched on and off, in-line with the PC it's connected to.

Job panel

Register up to 9 routine scan tasks or "jobs" that can be accessed directly from the DR-3010C's all-new job panel. The LED panel shows the currently selected job number (1-9), and the +/- keys are used to scroll through them for easy push-button access to frequently-used scan functions and settings.

Bundled Software

The DR-3010C's impressive performance credentials are backed up by a range of equally impressive software packages.

CapturePerfect

CapturePerfect is Canon's own scanning application that makes it easy to get great scans straight out of the box. This imaging software, which is ISIS® compliant, was designed to maximise scanning performance, as well as streamline tasks for viewing, presenting, sending, saving, and printing office documents. CapturePerfect automates the image capture process and produces consistent, high-quality scans from even the most difficult original documents.

Display Functions

- Change the order of images with simple drag-and-drop operation.
- Split image display window to view multiple images at once.

Editing Functions

- Insert, add, or replace scanned images into existing TIFF or PDF files.
- Extract or combine specified pages to generate or consolidate multiple page files.

PDF Functions

- PDF security settings allow encryption of scanned images and control rights for printing or editing.
- Create Searchable PDFs with embedded OCR.
- Create High Compression PDFs to save file space.

Advanced functions

Pre-register up to 100 routine job and scan settings, such as Scan-To-E-Mail, Scan-To-PC, and Scan-To-Print.

- Automatically generate file names from barcode, imprinter, or zone OCR results for indexing.
- Monitor the file size capacity of the target folder.
- Save log files of results from barcode and OCR recognition functions.

Adobe Acrobat Standard

The industry's leading application for the creation of PDF files, Adobe Acrobat features robust tools for document sharing and security, file commenting, and much more.

Scansoft PaperPort SE

This file management application is renowned for its intuitive and user-friendly graphic user interface, making it easy to store, organise, and retrieve your digital documents.

Nuance OmniPage SE

Convert original paper documents into editable electronic files through OCR.

Presto! BizCard Reader 5 SE

Scan business cards to convert and organise important contact information into a searchable database.

Specifications

Type	Desktop Sheet fed Scanner
Document Reading Sensor	CMOS CIS 1 Line Sensor
Optical Resolution	600dpi
Light Source	RGB LED
Reading Side	Front / Back / Duplex
Interface	High Speed USB 2.0
Dimensions	
	Tray closed: 310 (W) × 292 (D) × 197 (H) mm
	Tray opened: 310 (W) × 583 (D) × 230 (H) mm

Document size

Size	Width: 50 – 216 mm	
	Length: 53.9 – 356 mm	
	Automatic Feeding: 52 – 209 g/m2 (0.06 – 0.25 mm)	
Thickness	Bypass Mode: 40 – 209 g/m2 (0.05 – 0.25 mm)	

Reading speed¹

Portrait (A4)			Simplex	Duplex
B & W/Grayscale	200/300dpi		30ppm	60ipm
Colour	200dpi		30ppm	60ipm
	300dpi		21ppm	42ipm

Output Resolution:	100/150/200/240/300/400/600 dpi
Operating Environment	10 – 32.5°C, Humidity: 20 – 80% RH
Weight	Approx. 2.9 kg
Power Requirements	AC100 – 240V (50/60Hz)
Power Consumption	Scanning: 17W
	Sleep mode: 3.7W
	Power Turned Off: less than 0.5W
Environmental Compliance	RoHS and ENERGY STAR

Other Features:
- Auto Page Size Detection & Deskew
- Skip Blank Page
- Text Orientation Recognition
- Auto Colour Detection
- Colour Dropout (R/G/B) / Enhancement (Red)
- Advanced Text Enhancement (I & II)
- Moire Reduction
- Prevent Bleed Through / Remove Background
- Scan Area Setting
- Auto Power ON/OFF
- Rapid Recovery System
- Ultrasonic Double Feed Detection
- Folio Mode (scan A3 size documents)
- Manual/Bypass Feeding
- Job/User Registration (Register up to 9 jobs)
- Batch Separation

Scanner Drivers
ISIS/TWAIN Drivers (Windows 2000/Vista)

Bundled software
- Capture Perfect 3.0
- Adobe Acrobat 8 Standard
- Nuance PaperPort
- Nuance OmniPage
- BizCard Reader 5

Recommended System requirements for CapturePerfect
Microsoft Windows 2000, Microsoft Windows XP or Microsoft Windows Vista.

Options	Barcode Module III
Consumables	Exchange Roller Kit
	(Recommended Replacement every 100,000 scans)
Recommended Daily Duty Cycle	Approx. 3,000 scans/day

1 Actual scanning speed may vary depending on your system configuration and PC specifications.
