DR-2010M

Compact Color Desktop Scanner for Mac® OS

The imageFORMULA DR-2510M and DR-2010M scanners are simple solutions for document capture needs in Mac computer environments. With broad compatibility, high image quality, and fast scanning speeds—all in a small footprint—the DR-2510M/DR-2010M scanners reinvent the electronic content capture process.

Simple to Use

Features of the DR-2510M/2010M scanners—including Scan-To-Job buttons that route images directly to designated locations such as the iPhoto™ application, shared network folders, e-mail, and printers—enable easy integration into workflows and reduce the learning curve needed to implement document management systems. Productivity is maximized with such straightforward operation.

Compatible and Comprehensive

For seamless integration, the DR-2510M/2010M scanners are bundled with a TWAIN driver, the industry standard for linking applications and scanners. Also bundled is Canon CaptureOnTouch, for simple one-touch scanning. This sophisticated software complements the scanning hardware for a complete end-to-end solution.

High Image Quality

Capturing original documents with precision is important. With advanced imaging features derived from decades of Canon experience, including Advanced Text Enhancement II, Color Dropout, and Auto Color Detection, documents are accurately scanned to maintain their fundamental creative values. With such clear definition and detail, images are easily indexed for archiving and retrieval.

Fast Scanning Speeds for All Document Types

Small in size but rich in power, the DR-2510M/2010M scanners are capable of expediting document capture from the point of origination to the final feed. At 25 ppm* (DR-2510M) or 20 ppm* (DR-2010M) in black and white, grayscale, and color, these scanners streamline business processes in any environment.

Compact and Convenient

With a sleek look in a small package that Mac users prefer, the DR-2510M and DR-2010M scanners are a creative way to maximize available office space. These scanners are also lightweight and connect via USB for easy installation.

Reliable and Adaptable Feeding

Disruptions in any business process are tedious. The DR-2510M/2010M scanners employ forward-thinking features like Ultrasonic Double-Feed Detection (DR-2510M) and Text Orientation Recognition, which reduce presorting and preparation time as well as unnecessary downtime and maintenance. Folio Mode and Long Document Mode are useful for scanning odd-sized documents, and the slant paper path reliably handles thick documents, driver licenses, and embossed plastic cards.

Environment in Mind

The DR-2510M/2010M scanners have been designed with Canon's initiative to take an environmentally and people-conscious approach to product design and life cycle. These scanners meet ENERGY STAR® qualifications for energy efficiency and comply with the RoHS and WEEE directives for reduction of hazardous substances and waste products.

Specifications

Type:	Compact Desktop Scanner			
Document Feeding:	Automatic or Manual			
Document Size				
Width:	2" – 8.5"			
Length:	2.1" – 14"			
Long Doc. Mode:	Up to 39.4"			
Document Weight				
Automatic Feeding:	14 – 32 lb. Bond			
Manual Feeding:	11 – 42 lb. Bond			
Feeder Capacity:	50 Sheets			
Grayscale:	8-Bit			
Color:	24-Bit			
Scanning Element:	One-Line CMOS CIS			
Light Source:	RGB LED			
Scanning Modes:	Simplex, Duplex, Color, Grayscale, Black and White, Error Diffusion, Advanced Text Enhancement II			
Dropout Color:	Red, Green, Blue			
Optical Resolution:	600 dpi			
Output Resolution:	100/150/200/240/300/400/600 dpi			
Scanning Speeds*				
	DR-2510M		DR-2010M	
	Simplex	Duplex	Simplex	Duplex
Black and White:	25 ppm	50 ipm	20 ppm	40 ipm
Grayscale:	25 ppm	50 ipm	20 ppm	40 ipm
Color:	25 ppm	50 ipm	20 ppm	40 ipm
Interface:	Hi-Speed USB 2.0			
Scanner Driver for Mac:**	TWAIN			
Dimensions (H x W x D):	6.3" x 11.7" x 6.3"			
Weight:	5.3 lb.			
Power Consumption:	26W or Less (Energy Saving Mode: 10W or Less)			
Suggested Daily Volume:	1,500 Scans***			
Bundled Software for Mac:	Canon CaptureOnTouch, Newssoft Presto!Bizcard, Newssoft PageManager			
Item Number:	DR-2510M: 3949B002 DR-2010M: 3950B002			
Other Features:	Auto Page Size Detection, Batch Separation, Color Dropout/Enhancement, Deskew, Moiré Reduction, Prescan, Prevent Bleed-through/Remove Background, Skip Blank Page, Text Orientation Recognition			

* Examples based on typical settings, rated in pages/images per minute with letter-sized documents at 200 dpi, portrait-feeding direction. Actual processing speeds may vary based on PC performance and application.

** Mac OS X 10.3.9-10.6.2

*** Calculation based on scanning speed and assumed daily time of use.
