

YOUR NEW *ADDITION* LASER SHOT LBP6300dn

Mono Laser Work Printer

A compact, network ready mono laser printer complete with double sided printing to meet the demand of dynamic small businesses.

Produce business documents with sharp, clear text and graphics with this superior laser printer. With Canon's Automatic Image Refinement (A.I.R.) technology the LBP6300dn provides a print resolution of up to 2400 x 600 dpi to ensure high quality prints every time. The LBP6300dn is also network ready so small workgroups can easily share printing resources and the remote user interface allows users and administrators to remotely monitor and manage the printer status effortlessly. Automatic double sided printing cuts your paper costs significantly and also reduces paper wastage so you're doing your part for the environment as well.

Key Features

High Definition Full Print

- The LASER SHOT LBP6300dn is equipped with a laser printer engine of 600 X 600 dpi optical resolution.
- Gradation control enables high definition print at a resolution equivalent to 2400 x 600 dpi*.

Integrated Network

- The LBP6300dn is network ready allowing the printer to be easily shared between any small office workgroups

High Performance Printing System "CAPT" 3.1

- Equipped with Canon's latest High Performing Printing System "CAPT" 3.1 (Canon Advanced Printing Technology), the LBP6300dn can deliver high-speed printing because it works together with the processing power of your PC to process large amounts of data quickly - so there is no need for additional printer memory.

All-in-one cartridges

- The LBP6300dn utilises an all-in-one cartridge which means a "Intermediate Transfer Unit", "Photosensitive Drum", and "Waste Toner Container" that are

normally individual consumables, are all combined, meaning less consumables to stock and less fuss and also saves you money in the long run.

Low Power Consumption and Quick Start Up

- By adopting Canon's unique On Demand Fixing System, the LBP6300dn achieves low power consumption and quick start-up. This enables instantaneous heating of the fusing heater only before printing, saving warm-up time. The LBP6300dn is always ready to print when you are.
