

RC-7

ROUND CORNER CUTTER

- *Ideal for cutting round corners on covers, business cards, postcards, greeting cards and photos*
- *Can be operated either by foot pedal or manual hand operation with a flip of a switch*
- *3 interchangeable dies (optional)*
- *Cuts up to 2.75" (70 mm) stack*
- *Patented upper die design and micro-adjustable lower die allow for smooth and accurate cuts*
- *Specially designed to cut through multiple sheets at a time with the least amount of effort*
- *Interchangeable die system allows you to perform various jobs*

The RC-7 is a heavy-duty electric corner rounding machine with the capability to handle up to a 2.75" (70 mm) stack at a time. It features a detachable pressing bar, which helps secure documents for the cutting process and detaches for easy replacement of knives. Engineered for simple operation, the RC-7 can be operated by either a foot pedal or manual hand switch.

The RC-7 cuts round corners at a cycle speed of up to 46 cuts per minute and it's perfect for any large volume operation with high productivity. The RC-7 also comes with a protective safety cover to keep fingers out of harm's way during operation. Use the RC-7 for cutting round corners on covers, business cards, postcards, greeting cards and photos!
