Our flagship A3 Color MFPs: MultiXpress X7400, X7500 and X7600 Series

These powerful MX7 Series MFPs are specifically designed to respond to the growing demand for A3 printers, boasting smart usability that enables businesses to work faster and more efficiently with intuitive, user-friendly controls. Equipped with high-performance, cost-efficient features and embedded security, Samsung MX7 Series MFPs meet the demands of businesses that depend on high-volume printing with low total cost of ownership (TCO).

Key features

Smart user experience

Smart UX Center powered by Android[™] on the 90-degree pivoting screen for full-page previewing

SDK (Software Developer Kit) for Samsung MFPs enables development of customized Android applications to improve productivity and efficiency

Enterprise-level Samsung Cloud Print™

Wireless option with active NFC

Powerful performance

Scan up to 160 ipm (images per minute) (LX) and up to 240 ipm (GX) using a Dual-Scan Document Feeder (DSDF)

1,200 dpi high resolution for quality output

Next-generation toner technology for superb finishes

Rendering Engine for Clean Page (ReCP) technology allows for sharp images

Smart solutions and diagnostics

Samsung Business Core[™] Printing Solutions (BCPS) software suite enables small to medium-sized businesses to improve document and output management

Samsung's eXtensible Open Architecture (XOA) output management software provides customized enterprise solutions for integration with MX7 Color Series MFPs delivering cost-effective, secure print operations

Samsung's XOA document management solutions increase productivity and provide easy management with security and efficiency

Samsung Smart Printer Diagnostic System (SPDS) app provides the ability to fix printing issues from virtually anywhere

Samsung eXtensible Open Architecture (XOA) provides customized printing solutions to maximize efficiency and security

Color Multi-function
