

KONICA MINOLTA

KONICA MINOLTA FAX 3900/2900

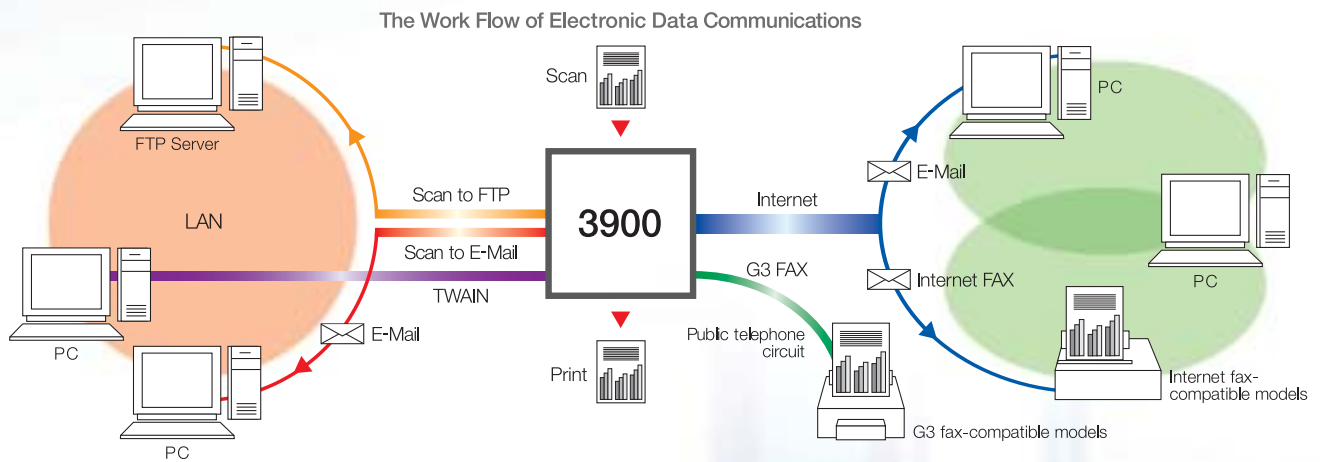

The essentials of imaging

Providing multi-functions and network capabilities, this fax offers a comprehensive solution for your communication needs.

This astutely designed unit accomplishes numerous tasks thus allowing you to consolidate all of your communication needs.

By also being a network hub the fax cuts down on the transfers you need to make with any given document.

This unit will reduce cost and optimize communication at the same time.

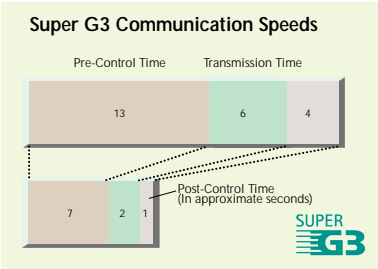

Facsimile

Super G3 Fax 3900 2900

Incorporating the latest technological advances, the Super G3 fax uses a 33.6 kbps high-speed modem which can transmit at speeds of three seconds per page for the 3900* (with JBIG compression). This high-speed transmission facilitates your work, making it faster and more efficient. The high volume paper capacity allows for a standard cassette of 250 sheets and a Priority Bypass with 10 sheets, and an optional second cassette of 500 sheets is available. These large cassettes mean less loading, thus more time for business, and large paper capacity is key to keeping your communication center running smoothly. A variety of other features save time as well. These include One-Touch Dialing, Speed Dialing, Group Dial and

simultaneous Broadcast transmission. These useful dialing functions simplify your workload and allow greater communication with less bother. The large memory capacity enables you to hold

350 pages of incoming faxes with the standard memory or 1,024 pages with added memory**. Feel secure knowing your fax can handle any job which comes in.

*Determined based on A4 paper with 700 characters at standard image quality. Only represents time used for transmission of data and not feeding in paper or output time. The 2900 transmits at four seconds per page.
**3900 only

Internet Fax 3900

Another highly effective feature is the Internet fax function which lets you send and receive faxes over the Internet. This function will reduce transmission fees, allowing you to accomplish the same tasks for less cost.

The receiving side must have a Internet fax compatible machine.

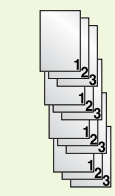

Copier

Hi-speed Copier 3900 2900

The copier is both hi-speed, with the capacity to do 16 pages per minute, and high quality, able to reproduce images at 600dpi x 392dpi with 256 gradations. Electronic sorting simplifies your work and the 2-in-1* feature allows you to copy images from two different sources to one sheet, saving on paper and adding another possibility to your office documents. *3900 only

Electronic sort

2-in-1

Printer

GDI Printer 3900 2900

This precise, high-speed printing function can produce high quality images of 600dpi x 600dpi with 256 gradations at 16 pages per minute. The unit comes with both USB port and NIC* to make PC connections easy. It can be used as a high quality monochrome laser printer, a necessary business tool. *3900 only

Scanner

Color Scanner 3900 2900

The color scanner is an efficient tool in unifying your analog and digital business. You can attach a scanned document to an e-mail* in TIFF or PDF format as well as upload it to an FTP server*. You can also scan a document via the TWAIN driver. This flexibility is invaluable in accomplishing business tasks quickly. The Automatic Document Feeder (ADF) holds up to 50 sheets and can convert a large number of documents to digital data easily. This analog-digital integration is highly cost-effective in today's fast-moving, information sharing, office environment. *3900 only

User-Friendly

An easy-to-use Multi-function Fax 3900 2900

The compact size of this multi-function unit saves office space and facilitates integrating your office network. The front-loading toner and drum cartridges are easy to handle but can be replaced separately to save on cost. The size, color and layout of the controls have been carefully constructed from a universal design standard enhancing ease of use.

Konica Minolta FAX 3900/FAX 2900 Specifications

General

Standard Function:	FAX 3900: Facsimile/Copier/GDI Printer/Network Scanner/I-FAX FAX 2900: Facsimile/Copier/GDI Printer/TWAIN Scanner
Process:	Laser Electrostatic (B/W)
Warm-Up Time:	25 seconds
Dimensions:	416(W) x 419(D) x 408(H) mm
Weight:	13.2kg
Environmental Friendliness:	Energy Star Program

Paper Handling

Type of Originals:	Sheets
Original Size:	A4 (Length: 140~1,000mm Width: 148~216mm)
Output Size:	A4L, B5L, A5L, Legal, Letter, Invoice L (Length: 140~356mm, Width: 90~216mm)
Automatic Document Feeder:	50 sheets
Paper Capacity:	Standard Cassette: 250 sheets Priority Bypass: 10 sheets Optional Second Cassette: 500 sheets
Output Tray:	100 sheets
Materials:	Standard Cassette: Plain Paper Priority Bypass: Recycle Paper (60~90g/m ²), OHP Transparency, Envelope Optional Second Cassette: Plain Paper

Facsimile Functions

Compatibility:	Super G3
Modem Speed:	33,600bps
Transmission Speed:	FAX 3900: 3 seconds FAX 2900: 4 seconds
Coding Method:	MH, MR, MMR, JBIG*
Resolution:	Super Fine: 203dpi x 392dpi, Fine: 203dpi x 196dpi, Standard: 203dpi x 98dpi
Broadcast:	FAX 3900: 274 Locations (One-Touch: 64, Speed Dial: 200, Ten Key: 10) FAX 2900: 142 Locations (One-Touch: 32, Speed Dial: 100, Ten Key: 10)
Transmitting Functions:	Program Dial*, Memory Transmission, Quick Memory Transmission, Broadcast Transmission, Batch Transmit, Relay Initiate, Relay Broadcast*, F-Code Transmission, Polling TX, etc.
Receiving Functions:	Memory Reception, Substitute Reception, Polling Reception, etc.
Memory Backup:	2 hours (when fully charged)

*FAX 3900 only

Copier Functions

Copy Speed:	16 pages/min
Multiple Copy:	Up to 99 sheets
Resolution:	600dpi x 392dpi (Gradation: 256)
Magnification:	x 0.50-2.00
Exposure Mode:	Text Mode, Photo Mode
Function:	Electronic Sort, 2-in-1 Copy*
Memory:	Standard: 16MB (60 pages) Optional*: 32MB (Additional 290 pages)

*FAX 3900 only
