Maximise The Power of The Web to Manage your System

KIP 700m systems eliminate all barriers to efficient web-based system management. The KIP 700m integrated PrintNET web server allows users and administrators to effectively communicate from remote locations with an intuitive new icon based interface.

Complete Communications Hub

KIP 700m systems provide advanced features with simple operation for unequaled wide format performance. KIP 700m systems are powered by KIP total print management software for superior productivity and the tightest possible integration with existing network infrastructures.

The ability to communicate with inkjet printers and remote workstations increases performance and the power to execute simultaneous copying, printing, and scanning tasks supports multiple users in busy workgroup environments.

• Meets strict security guidelines
• Integrated web server
• On screen system & operator guides
• Print management applications

KIP 700m system operation is simplified with direct access by the operator to the touchscreen system & operator guides. Remote access to the guides is achieved via KIP PrintNET web solutions.

KIP 700m On Screen Operator Guides

KIP 700m Administration Control

KIP 700m systems provide the ability to check the status of the system, track the progress of jobs in queues, monitor paper and toner levels, access user mailboxes and build print jobs. Administrators can implement system controls access to ensure that only designated personnel can access the KIP 700m.

KIP 700m Cost Reporting

The KIP 700m automatically logs and reports on a comprehensive range of accounting data related to each system function. Dependent on administrative preferences, detailed reports may be generated to include times, dates, user names, job names, media used and related costs.

KIP 700m E-Systems Reports

KIP 700m reports detailing total system usage are delivered via email on demand or at designated intervals to system administrators. Recipients may have the email sent to a choice of PC, laptop or smart phone!

- Generate highly accurate reports on demand
- Create reports based on time or date range
- Create reports based on projects and users
- Manage inter-departmental expenses
- Reports provided in Microsoft Excel format

KIP 700m Versatile System Configurations

The KIP 700m multifunction system is available in a variety of configurations, providing the versatility to select an initial system with features to suit immediate requirements.

KIP 700m Feature Access Keycodes

KIP 700m additional features can be easily implemented via keycode entry at the touchscreen as required.
