- Simple, full-front operation and easy maintenance
- Built-in network card
- PCL support & WiFi
- Short warm-up time and fast print speed
- Low running costs with energy-saving features

cut your costs and increase your productivity

Budget-friendly and highly productive

The long-lasting, high-yield, all-in-one toner cartridge gives you an attractive cost per print. Along with a low hardware price, the SP311DNw/SP311SFNw are therefore affordable investments for cost-conscious offices. These devices are also extremely productive. They only take 26 seconds to warm up and speed along at a fast 28 pages per minute. Automatic duplex further improves productivity – and saves paper too.

Easy to use

Full-front operation is straightforward as all the devices feature just a few buttons. The SP311SFNw's 4-line display provides clearly legible instructions, and replacing the cartridge is also easy. The MFP model SP311SFNw allows you to print at a resolution of 1,200 dpi and scan in high-resolution colour. You can also send scans to email, folder or FTP and copy both sides of an ID card onto one side of paper. For all models the standard tray takes up to 250 sheets while the 50-sheet bypass tray can be used as second paper tray.
Simple to connect

With standard USB 2.0 and a built-in Network Interface Card plus WiFi possibilities, these devices will fit neatly into your existing network. You can send each job to the most appropriate network machine. That way, you get the best value from each of your output systems. Fax quickly and efficiently (SP311SFNw) with PC Fax and Super G3 Fax capabilities.

Environmentally responsible

Lower your environmental impact with features such as short warm-up time, sleep mode, automatic duplex printing, Energy Saver mode, and low Typical Electricity Consumption. In addition, these devices are Energy Star compliant. This means less CO_2 is produced in providing the energy needed to run them.
