MP301SPF

30 B/W
ppm

compact & great value A4 B/W multifunctional

The MP301SPF is a fast black-and-white A4 multifunctional in a compact design. This device offers advanced print, copy, scan and fax functions, available via a large 4.3-inch colour touch panel. These innovative devices can easily replace several single-function devices and improve your workflow. Their small footprint saves valuable office space. Lanier's next generation controller GWNX also gives you outstanding device management capabilities.

a sleek, compact MP streamlined for the desktop—and your workflow

Your productivity is about to go up

With fast printing, copying and scanning, there is no need to wait around for your output. To speed up even more, you can create your own settings and set shortcuts for complex operations. You can also print from SD/USB (with optional HDD).

Easy to operate

With a tiltable 4.3-inch colour touch panel, the MP301SPF is very easy to operate. You can customise the home screen to show only the icons you need. You can even insert your company logo on the screen. In addition, full front access eases operation and maintenance.

intelligent compact design

The MP301SPF has a smaller footprint than comparable MFPs. Their simple and intelligent cube design optimises desktop workspace. The dual-colour design concept promotes intuitive usability.

critical capabilities for business communications

Next gen controller architecture GWNX

Featuring Lanier's next generation controller, the MP301SPF interacts intelligently with users, improving access to information. Intelligent workflow features include the ability to customise the control panel, browse and print directly from the web.

TCO is low

Minimise costs as well as your environmental footprint with energy saving features that reduce electricity consumption. A unique indicator gives an instant overview of your usage by device, month, week or even daily, to implement further Total Cost of Ownership reductions.

High security

Security features include locked print, hold print (with optional HDD), an embedded watermark (optional Copy Data Security Unit required), LDAP authentication, and HDD option with overwrite and encryption function to meet your company's security requirements.

Environmentally better

At Lanier we help you lower your environmental footprint. The MP301SPF has eco-friendly features such as sleep mode, duplex printing and paperless fax. The Typical Electricity Consumption is only 1.5 kW/h at 30 cpm. An eco-friendly indicator displays information to help you reduce paper usage.
