GREAT THINGS COME IN SMALL PACKAGES — THE PANASONIC KV-S1015C

We designed the KV-S1015C Personal Document Scanner for maximum performance in the smallest possible footprint.

PROFESSIONAL-GRADE SCANNERS DESIGNED FOR SMALL OFFICES

A dedicated document scanner provides a seamless digital workflow when compared to a time-consuming & paper intensive process. All too often, smaller businesses and home offices have had to sacrifice the professional scanning features they need to get a scanner that fits their budgets and their desk space.

Not anymore. Panasonic Personal Document Scanners combine the rock-solid reliability and advanced features of our workgroup scanners with a sleek, compact design that can fit comfortably on any desk and into virtually any budget.

SOLUTIONS FOR BUSINESS

Workgroup features, desktop-compatible

- Three programmable scan buttons let you preset scan types and destinations
- Upload scans to Evernote, MS SharePoint, or GoogleDrive™ at the touch of a button
- Comes with powerful document management software and OCR capabilities
 - Presto! PageManager 9
 - Presto! BizCard 6
- Batch-scan up to 50 sheets in less than three minutes — automatically
- Pass-through design boosts speeds to 20 ppm / 40 ipm, even with two-sided scans
- Ultrasonic double feed detection reduces missed scans
- Scans mixed sized paper such as photo IDs, insurance cards and credit cards.
- Scan paper weights 11 lbs. - 55 lbs. (40 - 209 g/m2)
- Supports industry-wide scanning protocols so you can get business done

Why every office needs a document scanner

The flatbed scanners that come attached to your multifunction inkjet printer are excellent for a couple of scans, but if you've ever tried to scan more than a few sheets of paper with one, you know how frustrating it can be. The Panasonic Personal Document Scanner can batch-process up to 50 sheets at a time, create searchable PDFs and extract data from receipts and business cards — all automatically so you can spend your time working, not scanning.

Professional equipment, professional-grade warranty

We back our Personal Document Scanners with the same, 3-year Advance Exchange Warranty we provide on our enterprise-level equipment. If something goes wrong, just call our U.S.-based support line. If we can't resolve your problem on the phone, we will ship you a replacement, overnight.
