SH75 Shredder

Safeguard your confidential information with powerful High Volume shredding technology

In today's busy office environment, sensitive documents can get thoughtlessly tossed in the trash, putting your business in real jeopardy. Make it easy for employees to properly dispose of confidential records with the SH75 shredder from Pitney Bowes. Designed for the office that requires higher volume shredding, the SH75 provides the quality, versatility and durability you won't find in the shredders sold by the office superstores. With its quiet operation, the SH75 will reliably provide shredding for up to 40 sheets at a time giving you the additional level of shredding capacity you require. And peace of mind that comes with knowing your company information is being properly protected.
