Do more, faster – from start to finish

Accelerate business efficiency with this high-end smart MFP designed to help you get more done. The MP C501SP offers an impressive 50ppm print speed, high paper capacity, integrated finishing capability and renowned durability. Ready to operate in just 1.0 seconds, and easy to use with a 10.1 inch Smart Operation Panel (SOP) featuring Ricoh Smart Integration. That means your device is always at the cutting edge of functionality with pre-installed apps, or ready to download from the cloud for more efficient workflows .

- 50ppm print speed
- Internal finisher capability
- Access to cloud-based apps and solutions
- Easy document sharing with mobile devices and cloud platforms
- Low energy consumption (TEC)

Do more – work together

The MP C501SP makes the most of your investment in Ricoh equipment, pairing with other Ricoh machines for unified compatibility, including a common interface. Boost productivity with shared, easy to use apps and mobile connectivity to print, copy or scan from and to Smart Devices.

Productivity under pressure

Refinements such as an internal finishing capability mean you can trust this MFP to keep on working for you through the heaviest workloads. Its value-added productivity features include advanced paper output via sort, stack and staple functions as well as double-sided scanning.

Work sustainably

The MP C501SP is designed with sustainability in mind. Energy-saving technologies mean it consumes notably less power than many other models on the market. Saving energy is great for business, reducing operating costs and providing a powerful support for your business' performance .
