## Enhanced high-end productivity

The Aficio™ MP 6002/7502/9002 are evolutionary multifunction devices (MFDs) that handle multi-tasking in the office of the future - revolutionising work patterns, lightening environmental loads, and boosting efficiency. For ultra-reliable, document heavy processing, these devices have it all. They enable high volumes of diverse document types to be quickly scanned, assembled, copied, distributed and printed – day in, day out. And with sophisticated finishing options, every in-house job can have a professional-looking result.

## High performance office printing

### **Black and white**

This mono multifunction device has a resolution of 600 dpi, which produces high-quality black and white prints.

### **60, 75 and 90 pages per minute (ppm)**

The MP 6002/7502/9002 offer a rapid warm-up and high-speed output at 60, 75 or 90 ppm respectively.

### **Intuitive design**

These devices have been design with easy to use and customisable features, such as the control panel.

### **Eco-friendly**

The MP 6002/7502/9002 boast energy and paper saving features specifically designed to create a greener high-volume workflow.

### **Enhanced security**

With security features such as locked print and embedded watermark, you can print with peace of mind.

# Optimise performance

## Cut turnaround times

The MP 6002/7502/9002 offer a rapid warm-up and high-speed output at 60, 75 or 90 ppm respectively. So even large print jobs are processed in no time. High volume? No problem. Avoid printing interruptions with high capacity paper trays that can hold up to 8,300 sheets.

## Reduce costs

Reduce high-end processing costs and quickly see the financial benefits of a low Typical Energy Consumption (TEC) value, easy quota setting, standard duplex and paperless faxing. Save capital expenditure and running costs by sharing the fax option of another MFD on your network, using the Remote Fax function.

## Streamline your workflow

Make high-volume document capture and management easy. Benefit from fast single and double-sided scanning. Enjoy the convenience of features like scan to email, scan to folder, and scan to FTP/URL. Accelerate document distribution with an advanced scanning solution embedded on the device such as GlobalScan NX or ESA Transformer.

## Extend functionality

Save time with Bates Numbering, another powerful feature that automates the numbering process. This makes it ideal for companies such as law or financial firms that rely on accurate sequence numbering.

## Smart Technology

Ricoh Remote Fleet Management technology uses operational data that helps you to manage your output devices more efficiently. It not only delivers automatic billing but also reorders toner for you; small benefits that make a big difference.

## Achieve sustainable benefits

High-level productivity goes hand-in-hand with some surprising green benefits with the MP 6002/7502/9002. Their energy and paper-saving features are specifically designed to create a greener high volume workflow. But that's not all; saving resources also saves you money, which naturally reduces the impact on your bottom line.

## Professional finishing

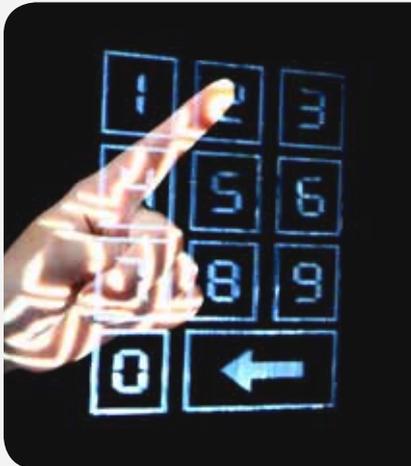

You want high volume productivity – so why not include the all-important finishing? Our unique multi-fold option means you can include, for example, A3 charts and tables in A4 documents. You can also achieve professional-looking results with in-line stapling, cover insertion and booklet making. Eliminate outsourcing – let your MFD take care of everything.

## Ensure ongoing compliance

These advanced MFDs support PDF/A standards to facilitate long-term document storage. Digital signatures can also be added to PDFs to enable accurate validation. Powerful security features are present to prevent unauthorised access to your documents and incoming faxes and access to email and fax directories can be controlled via user authentication.

# Why Ricoh?

## Business Solutions Group

When you buy a Ricoh device you gain access to our Business Solutions Group – a dedicated software support centre. Come to us with your challenge and we will identify the solution, source it internally, or develop one specifically to suit your business and integrate into your existing systems. The Business Solutions Group works closely with customers and application developers to extend the efficiencies of Ricoh’s software-enabled copiers and printers in order to meet specific business needs.

## Free recycling programs for Ricoh customers

The biggest action we can take to reduce our environmental impact is to reduce our level of wastage and resources, prolong the life of our products through reuse, or recycle end of life material into a feed stream for new products.

That is why Ricoh offers a number of free recycling programs to our customers that ensure machines, consumables and parts are safely recycled, achieving a recycling ratio of up to 98%. We not only accept our own goods, but also those from other companies. To register for one of our recycling programs please visit [ricoh.com.au/about/environment](http://ricoh.com.au/about/environment)

## Responsible Service

At Ricoh we are dedicated to offering our customers the highest level of service and maintenance; that is why our service response times average a mere four hours and you have access to over 500 manufacturer-trained technicians across the country. To place a service call or to speak with one of our friendly customer service agents, simply phone our national contact centre on 1800 181 002 between 8am – 8pm EST.

# Product Snapshot

- 1** Easy access via intuitive colour control panel with customisable home screen, home button and SD/USB slot
- 2** Choice of a 2,000-sheet booklet maker with 50-page stapler or a 3,000-sheet finisher with a 50 or 100-sheet stapler. Optional punch kits are also available for multiple finishing styles
- 3** Standard 100-sheet bypass tray to take advantage of thicker paper types up to 216 gsm
- 4** Multi-folding Unit option supports six folding patterns enabling creative printing solutions: 2-folding, Z-folding, 3-folding (in and out) and 4-folding (gate and double parallel)
- 5** Choice of a Cover Interposer Tray option or a 9-bin Mail Box option to help save time by simplifying document retrieval
- 6** 4,000-sheet A4 Large Capacity Tray option to increase your high-volume productivity
- 7** Standard paper trays:  
1st Tray: 2 x 1550 sheets (tandem)  
2nd Tray: 550 sheets  
3rd Tray: 550 sheets

## GENERAL

Warm-up time:	30/30/300 seconds
First output speed:	3.9/3.2/2.9 seconds
Continuous output speed:	60/75/90 pages per minute
Memory:	Standard: 1 GB Maximum: 1.5 GB
HDD:	250 GB with Encryption/Data Overwrite Security unit
Dimensions (W x D x H):	690 x 799 x 1,171 mm
Weight:	214 kg
Power source:	220 - 240 V, 50/60 Hz
Paper feeding capacity:	Std: 4,300 sheets Max: 8,300 sheets
Paper output capacity:	Std: 500 sheets Max: 3,500 sheets

## COPIER

Multiple copying:	Up to 999 copies
Resolution:	300 dpi, 400 dpi, 600 dpi, 1,200 dpi, 600 x 600 dpi, 1,200 x 600 dpi, 1,200 x 1,200 dpi
Zoom:	From 25% to 400% in 1% steps

## PRINTER

Printer language:	Standard: PCL5e, PCL6 (XL) Option: Adobe® PostScript® 3
Print resolution:	300 dpi, 400 dpi, 600 dpi, 1,200 dpi, 600 x 600 dpi, 1,200 x 600 dpi, 1,200 x 1,200 dpi, 3,600 x 1,200 dpi
Interface:	Standard: USB 2.0, USB Host/I/F, Ethernet 10 base-T/100 base-TX, Option: Bi-directional IEEE 1284, Wireless LAN (IEEE802.11a/g), Bluetooth, Gigabit Ethernet
Network protocol:	TCP/IP (IP v4, IP v6), IPX/SPX, AppleTalk, AppleTalk (auto switching), SMB, Ipsec, IPP, Bonjour Windows® environments: Windows® 2000, Windows® XP, Windows® Vista, Windows® 7, Windows® Server 2003, Windows® Server 2008, Windows® Server 2008R2
Mac OS environments:	Macintosh 8.6 or later (OS Classic), Macintosh 8.6 - 9.2.X (OS X Classic), Macintosh OS X v10.1 or later, Macintosh OS X v10.2 or later, Macintosh OS X v10.4 or later, Macintosh OS X Native v10.2 or later, Macintosh OS X v10.5 or later
UNIX environments:	UNIX Sun® Solaris: 2.6, 2.7, 2.8, 2.9, 2.10HP-UX: 10.x, 11.x, 11i, 11i v1, 11i v2, 11i v3SCO OpenServer: 5.0.6, 5.0.7, 6.0RedHat® Linux: 6.x, 7.x, 8.x, 9.xRedHat® Linux Enterprise: 4, 5, 6IBMi® AIX: v4.3, 5L v5.1, 5L v5.2, 5Lv5.3, 5L v6.1, 5Lv7.1IBM® System i5™ HPTNovell® Netware® environments: v3.12, v3.2, v4.1, v4.11, v5.0, v5.1, v6.0, v6.5SAP® R/3® environments: SAP® R/3®

## SCANNER

Scanning speed:	Full colour: 90 ipm (simplex)* /178 ipm (duplex)* *A4, 200 dpi B/W: 90ipm (simplex)/178 ipm (duplex)* *A4, 200 dpi B/W: Maximum 90 originals per minute
Resolution:	Maximum: 100 dpi, 200 dpi, 300 dpi, 400 dpi, 600 dpi
Original size:	A3, A4, A5, B4, B5, B6
File format:	Single page TIFF, Single page JPEG, Single page PDF, Single page High compression PDF, Single page PDF-A, Multi page TIFF, Multi page PDF, Multi page High compression PDF, Multi page PDF-A
Bundled drivers:	Network TWAIN, Scanner utility
Scan to:	E-mail, Folder, USB, SD card

## FAX

Circuit:	PSTN, PBX
Compatibility:	ITU-T (CCITT) G3, PSTN, G3, Additional G3 (option)
Resolution:	100 x 200 line/mm, 200 x 200 dpi line/mm, x dpi
Transmission speed:	G3: 3 second(s) 3 second(s) (x dpi), JBIG
Modem speed:	Maximum: 33.6 Kbps
Scanning speed:	0.7 second(s)
Memory capacity:	Standard: MB Maximum: MB

## PAPER HANDLING

Recommended paper size:	Standard paper tray(s): A3, A4, A5, A6, B4, B5, B6, Legal, Letter, Half Letter
-------------------------	--

## SOFTWARE (STANDARD)

- SmartDeviceMonitor
- Web SmartDeviceMonitor
- Web Image Monitor
- @Remote
