ML-2955ND · ML-2955DW

Mono Laser Printers

Conduct big business, no matter your size.

Network and Wireless Models
Both printers feature easy network connectivity, while the ML-2955DW adds one-touch wireless connectivity.

Fast 29 ppm Print Speeds
Fast print speeds of up to 29 ppm and first page out time of less than 8.5 seconds means you'll spend more time printing and less time waiting.

Built-in Duplex Printing
Save money and time with duplex printing. You'll use paper efficiently, without having to stop and turn the paper over.

12,000-page Monthly Duty Cycle
With a monthly duty cycle of 12,000 pages, you can count on your Samsung printer to be there for you when you need it.

Eco Friendly
An ECO mode reduces toner usage and CO_2 emissions, while duplexing reduces paper usage. Lower power consumption saves resources and money.

One-piece Toner Cartridge
The 1,500-page one-piece toner cartridge is clean and simple to change, and 2,500-page high-yield one-piece toner cartridges are available to provide even greater value.

No matter your size, it's always important to make a professional impression. The compact ML-2955ND/ML-2955DW mono laser printers produce crisp, clear laser printouts up to 1,200 dpi. They do it quickly, with print speeds of up to 29 ppm, as well as duplex printing to save both time and money. And with a 12,000-page monthly duty cycle and the reliability Samsung is known for, they can handle everything a small office or workgroup can throw at them. **Business. Innovated.**
