MLP36n-KP
B/W HotSpot Printer

Convenient Printing From Anywhere, Anytime.

Empower Every User With Secure Mobile Printing

Give every mobile professional the freedom to easily print documents, e-mails and Web content from Internet-enabled laptops, smartphones and handheld devices without downloading drivers or installing additional software.

Savin HotSpot technology ensures reliable access to driverless laser printing in a totally embedded, secure mobile printing system. The SAVIN® MLP36n-KP B/W HotSpot Printer provides reliable 36-ppm monochrome laser printing in a compact design. Savin HotSpot printing technology makes it easy to print anywhere.

A Totally Integrated Solution

Savin delivers the industry's first and only fully integrated mobile printing solution.

- Simple installation — This turn-key system is self-configuring and ready to Print Simply Anywhere® in minutes. Access to the Internet is all that's needed. Plus, every Savin MLP36n-KP includes a one-year mobile printing subscription.

- Totally embedded — All printer hardware enhancements are preconfigured; all software is pre-loaded, no additional support is required. That means no external appliances and no way for users to accidentally change system settings or access other jobs.

- A true One-for-All solution — Use the Savin MLP36n-KP for daily printing as well as to support mobile users with HotSpot printing.

Easy Ways to Access Mobile Printing

Every environment with existing high-speed Internet access — wired or wireless — can reduce their support burden with Savin's versatile HotSpot Printer technology.

- Mobile handheld device printing — Simply forward any e-mail from PDAs or Internet-enabled smartphones — with or without attachments — to the HotSpot Printer's e-mail address. No drivers required!

- Driverless Web-based printing — Surf to the HotSpot Printer Web address using any browser, and upload a file or enter the Web page URL to be printed. After submitting each print request, the service automatically replies to the sender's e-mail address with a secure release code.

Optional Duplex

Standard USB Keypad

Standard USB 2.0, USB Host I/F and 10Base-T/100Base-TX Ethernet

Standard 100-Sheet Bypass Tray

Standard 550-Sheet Paper Tray

Optional 2 x 500-Sheet Paper Feed Units (For a Total Paper Capacity of 1,600 Sheets)

Use Savin HotSpot Printer technology to cultivate customer/hotel guest loyalty with unique services.

15,000-page All-In-One print cartridge technology makes maintenance a snap.

Customizable to Build Your Brand

Savin HotSpot Printer technology adds value by enabling organizations to take greater ownership of this solution as an exclusive, branded interface to build customer loyalty or as a revenue generating service for cost recovery.

- Flexibility — Utilize as a convenience or revenue generating service. It's your choice. Set up the Savin MLP36n-KP mobile printing solution as a free convenience to attract new customers or as a chargeable printing service to increase revenues.

- Customizable interface — Incorporate company logos and colors on the PrintSpots™ Web page to reflect your business identity

and present HotSpot printing as a value-added service exclusive to your establishment.

- Add links and custom messages — Customize the main user interface to add links to other websites, add new printers or insert new screens for additional services, print job options and job confirmation/approval steps.

- Support for third party billing systems — Take advantage of Savin's partnership with WebPay Services Aps (WPS) enabling hosted billing solutions so that the system can count the number of pages, calculate the job cost, and initiate a credit card billing sequence.

The Total Green Office Solution

Savin continues its long-standing commitment to developing office solutions with environmentally friendly and superior energy- and supply-saving features, without compromising productivity.

Our earth, Our tomorrow

ENERGY STAR

The HotSpot Workflow:
Printing from your PDA, Laptop or Phone is as easy as 1, 2, 3.

1. Documents and Web pages to be printed are sent from a wired or wireless laptop, smartphone or handheld device to the PrintSpots™ server using 128-bit SSL encryption.

   The printer's unique Web page or e-mail address is noted on a label affixed to the printer.

   Each job is assigned a private release code automatically.

2. The receiving server generates a compressed printable data file and transmits it securely to the destination printer, once again using 128-bit SSL encryption for complete file integrity and protection.

3. The job resides safely in the printer's hard disk drive until the user arrives at the printer and enters a confidential 4 – 10 digit release code using the attached keypad.

   The file is decompressed, printed and is then automatically erased from memory for total security. It's that easy!

SYSTEM SPECIFICATIONS

Configuration	Desktop Monochrome Laser Printer
Imaging Process	Laser beam scanning and electro-photographic printing using dry dual component toner development
Print Speed	36 ppm (Letter)
First Print Speed	< 6.9 seconds
Warm-Up Time	< 34 seconds

Maximum Paper Capacity	1,600 sheets
Standard Tray	500 sheets
Bypass Tray	100 sheets
Optional Paper Tray	500 sheets (1 or 2 may be added)
Acceptable Paper Sizes*	Std. & Opt. Trays: 3.9" x 5.6" to 8.5" x 14" Bypass Tray: Width: 2.6" - 5.6"; Length: 8.5" - 14"

*HotSpot print jobs default to either Letter or Legal size. Other paper sizes are only available when the device is used as a standard network printer.

Acceptable Paper Weights	Std. & Opt. Trays: 16 lb. - 34 lb. Bond Bypass Tray: 16 lb. - 43 lb. Bond/90 lb. Index
Duplex	Optional Automatic Duplexing (Approx. 100% of simplex speed)
Output Capacity	250 sheets, face down
Dimensions (WxDxH)	15.3" x 17.8" x 13.6" (Add 1" height when keypad is installed)
Weight	38.6 lb.
Power Source	120V, 60Hz
Maximum Power Consumption	960W or less
Operating Power Consumption	561W
Energy Saver Mode	10W or less

OPTIONS & SUPPLIES

Paper Feed Unit Type TK 1030*
Envelope Feeder Type 400*
*Envelope Printing can only be accessed when the printer is used as a standard network printer.
Duplex Unit AD 1000
Savin BB-HPL10A-R Ethernet Adaptor
Port Cover Plate Type 4100
All-in-One Print Cartridge (15,000-page yield*)
Maintenance Kit (Recommended @ 90,000-page intervals)

Two-Year HotSpot Service Subscription Extension
Three-Year HotSpot Service Subscription Extension
Four-Year HotSpot Service Subscription Extension

*Declared yield value in accordance with ISO/IEC 19752; actual yields vary based on images printed and other factors.

The Savin MLP36n-KP ships with a one-year subscription to the mobile printing service which must be registered in order to be active.

The Savin MLP36n-KP ships with a starter All-In-One print cartridge with a 6,000-page yield. All other consumables ship at full yield.

For maximum performance and yield, we recommend using genuine Savin parts and supplies.

BUNDLED SOLUTION

The Savin MLP36n-KP HotSpot Printer arrives with these components already installed for true plug-and-play mobile printing:
MLP36n-KP with 500-Sheet Paper Tray & 100-Sheet Bypass Tray
256 MB RAM
40 GB Hard Disk Drive
USB Host Interface
Savin USB Keypad
PrinterOn's JAVA-based mobile printing software
One-Year mobile printing subscription included
