SHARP®

ESSENTIALS SERIES DESKTOP MONOCHROME PRINTER

Desktop Printer Built with the Office in Mind

The DX-B352P Essentials Series Monochrome Printer delivers an output speed of up to 35 pages per minute (ppm) with advanced durability to ensure years of reliable and carefree operation. Offering both wired and wireless network connectivity, along with a compact footprint, this printer can adapt to any busy office environment. The DX-B352P even makes changing supplies easy. Utilizing a single cartridge supply system, office users can quickly change all key components by simply replacing one cartridge.

Key Features

- **Versatile** – A compact design combined with wireless networking capability makes the DX-B352P the ideal printer for offices with limited space.

- **Productive** – Delivers crisp output every time for all your document formats via standard PCL®6 and PostScript®3™ printing protocols.

- **Quick Setup** – Using a one-step installation process and an easy-to-use keypad, users can quickly control the print language, power settings, network configurations and security options.

DX-B352P shown with optional 550-sheet paper drawer.

Compact Design easily fits into small office spaces

Easy-to-use 2-line LCD operation panel

Print on envelopes and special media via bypass tray

Print capabilities to help your business gain a competitive advantage

- Productive printing speeds up to 35 ppm
