SHARP

MX-B201D
Digital Multifunction System

COMPACT, STYLISH AND POWERFUL

Sharp is committed to providing the smaller business and home-office user with affordable, practical and stylish solutions /This is Why we designed our MX-B201D to provide big-machine performance in a neat, compact footprint that can sit practically anywhere.

Sharp understands how important it is for your business to print professional looking documentation /This is Why our MFPs are built with the ability to reproduce superior text, graphics and images, providing greater impact and legibility.

Small in size, big on performance

Small enough to sit on your desk, yet packed with high performance productivity features, the stylish MX-B201D multifunction system is a great choice for any modern office.

Not only can you print and copy in high quality black & white at speeds as fast as 20 pages per minute, but you get full colour scanning as standard. And that's just the start. The first copy comes out in just 8.0 seconds* – ideal for when you when you want to copy just a page or two – and our SPLC technology keeps your data flowing faster for superior printing performance. You can produce 99 copies from a single scan and the built-in e-Sort feature makes life easy by automatically collating multiple sets of documents. It is also possible to copy both sides of a card (ID card, credit card etc.) onto a single page with the standard ID Card Copy functionality.

It also comes with Sharpdesk. This versatile document management software takes all the trouble out off storing, managing, searching and sharing your scans. Simply browse the thumbnail previews to find the image you want and drag it to the destination of your choice.

Excellent image quality

Your documents will benefit from crisp 600 x 600 dpi resolution and 256-level grey scale for smooth, finely detailed images. Digital Auto Exposure Control automatically adjusts the copy contrast for clearer, more readable copies and a special Text / Photo Mode fine tunes the output according to whether you're copying text or photos.

Efficient and economical

All of Sharp's multifunction systems meet the with Energy Star criteria, to save energy and reduce running costs. But the MX-B201D goes even further with an energy efficient Pre-Heat Mode, plus a Toner Save setting and Auto Power Shut Off for extra economy.

BUILT TO THE SAME EXACTING STANDARDS AS OUR VERY LARGEST MFPs, THE MX-B201D IS DESIGNED TO PROVIDE YEARS OF TROUBLE-FREE SERVICE

* Best achieved time based on A4 sheets, feeding from the 1st paper drawer, using document glass, when machine is ready. May vary depending on machine conditions and operating environment.

Small in size should never mean small on features /This is Why our compact and stylish MX-B201D has been designed to help save on space and running costs without compromising on power and productivity.

Choice of productivity options

The MX-B201D comes with built-in two-sided printing and copying, and add extra features to create your ideal solution. With a range of options including network printing / full colour scanning with a scan to USB memory feature, an additional 250-sheet paper drawer, and a 50-sheet Reversing Single Pass Feeder for easy two-sided scanning and copying, you'll be investing in an MFP that meets your needs today and in the future.
