

Compact and productive colour multifunctionals

These feature rich A4 multifunctional devices are designed for cost conscious businesses that require productive high quality colour communication for small workgroups. A compact design means they fit perfectly into small office environments.

Productivity:

- Simple operation with a 8.9 cm colour touch and swipe user interface
- A range of flexible mobile printing and scanning capabilities, such as Apple AirPrint™, Mopria printing and Canon's optional uniFLOW solution, support mobile worker efficiency
- Up to 2,300 sheet paper capacity for busy workgroups and departments in any size organisation
- Enhanced productivity and paper saving with auto duplex functionality
- Easily scan and send documents directly to a variety of destinations including email and shared folder
- Easy maintenance design for less downtime
- Canon's V² colour (Vivid and Vibrant) imaging technology ensures documents impress and stand out from the rest

Security and cost control:

- Efficient, high quality colour printing thanks to separate toner and drum technology
- The functionality of many devices in one compact multifunctional device
- Documents remain secure with features such as secure print, pin release and optional PDF password protection
- Greater cost control and security with embedded support for Canon's optional uniFLOW software
- Canon's longer life drum technology reduces the need to replace consumables frequently

Integration and management:

- With their compact design, these devices fit into various office environments where space is a premium either as a desktop or floor standing
- Seamlessly integrate these devices into IT environments, supporting industry standards such as PCL and Genuine Adobe PS
- Reduce fleet management and administration burden with automated meter collection, consumables management, remote updating and diagnostics

Energy efficient:

- Class-leading Typical Electricity Consumption (TEC)* ratings
- Consumes as little as 1 W in sleep mode
- Rapid recovery from sleep mode
- ENERGY STAR® qualified
- Qualifies for the stringent Blue Angel Award**

*Typical Energy Consumptions as defined by ENERGY STAR
